

CUSTOMER APPRAISAL SHEET INFORMATION

Thank you for participating in our antique appraisal event.

Before you attend the event, there is information we require in order to make you experience more timely, thorough and informational.

Here is the information we require.

- 1) Please provide detailed pictures of your item(s) that contain different views of the item, any backstamps, identification or makers' marks.
- 2) Provide a history of the item. Where did you get it? If it is a family item, where did it come from. You can even say you got it at a garage sale.
- 3) If your item has any damage or imperfections, please include that in one of the photos.
- 4) If you have more than one item being appraised, there are three sections. Have each item on a separate form.
- 5) Please remember that the appraisals reflect current local market values. What you see on the internet may be different than your appraisal.
- 6) Be prepared if an item is a new reproduction or fake. That happens sometimes.
